

URGENT WARNING
WATERLOO REGION DISTRICT SCHOOL BOARD
VENDOR APPROVAL AND CERTIFICATION PORTAL

Once again, an owner has been convinced that it is the contractor's responsibility to pay for their prequalification process.

Cambridge Solutions has convinced this owner to charge you a fee for the privilege of prequalifying. This has been tried at McMaster and thanks to a united front by many OGCA members, it is being dispensed with.

We will be contacting the School Board to discuss this, and strongly register the OGCA's opposition to this process.

This is not our responsibility or cost. It is expensive enough for contractors to submit prequalifications and bids. This is the owner's responsibility. All members who have been contacted about this by either Cambridge Solutions or the Board should respond with one word – **NO!**
