

April 17, 2008

Dear Industry Colleague:

The 2008 CEO Annual Conference and Awards Banquet will be held at the Suites at 1 King West in downtown Toronto on June 4 and 5. Please mark your calendars and contact the CEO office to register at (416) 620-1400.

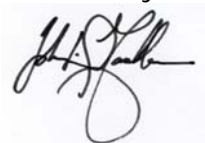

It is my pleasure to announce the launch of a new CEO Sponsorship Program in conjunction with this year's Conference and Awards Banquet. Our marketing partners at MediaEdge Communications have helped us develop an excellent program that provides our valued Affiliate Members and other industry partners with unique opportunities to expose their organization to the consulting engineering community.

Please expect a call from Thomas Catania of MediaEdge who will be coordinating this year's program. There are several different sponsor levels available at varying price points and each offers great sponsor benefits. This program is one that we sincerely hope you will support.

We are excited about this year's Conference and Awards Banquet and the newly developed Sponsor Program. We are equally as excited to help promote your organization to the consulting engineering community through the 2008 Conference and Awards Banquet Sponsor Program.

Thank you in advance for your support.

Yours truly,

John D. Gamble, P.Eng.
President
